

Agora Industry fallback country-specific concrete label based on country-specific average clinker factor (example here shown for 90 percent clinker factor assumption)

→ Fig. 15

[kg CO₂e/m³ concrete]

- Emissions performance G
- Emissions performance F
- Low emissions E
- Low emissions D
- Low emissions C
- Low emissions B
- Low emissions A
- Near zero
- Net zero (0kgCO₂e/m³)
